New QMS Email Addresses

New email addresses are in place for providers to submit QMS-related questions. We encourage the immediate use of these new emails, which are located at the end of this newsletter. Old email addresses will expire on August 1, 2025, and any correspondence sent to the old emails will be forwarded to the new emails until that date.

What is a “Note to Chart”?

A **Note to Chart** is a very **brief administrative document** to note **non-clinical activity** that is relevant to the beneficiary’s/client’s care. It is activity that should be documented in the chart, but the content of which does not meet the criteria for a Progress Note. Such activities may include leaving a phone message, receiving a phone message or documenting a no-show.

Note to Chart documents do not generate any Units of Service. They do not appear on the EOC Last DOS Report. Some AOA and CYP programs use this report to monitor EHR compliance.

General Guidelines:

- Be mindful and professional when documenting a Note to Chart.
- Although brief, a Note to Chart is a record of activity documented in the **legal record** of MHRS activity on behalf of a client.
- When a client’s record is requested: Note to Chart documents are included in the Designated Record Set and in the Legal Health Record.

Examples:

- Client no-showed to a MD appointment.
- Client left a voicemail asking for a call back. PC returned Client’s call but was unable to reach Client or leave a voicemail.
- Client called and left a message on PC’s voicemail; when PC returned the call, Client did not answer. PC left a message asking Client to return the call to a specific phone number.

PWB/IS/TFC Update

The updated **PWB/IS/TFC Eligibility Assessment** form is live in the County EHR for IRIS users and available to contracts through your Contract Monitor. This new form includes the Therapeutic Foster Care (TFC) component. When assessing for PWB/IS and a youth meets eligibility for either, the provider will be prompted to assess for TFC.

If the youth is meeting eligibility criteria for TFC, the CFT must be consulted and the provider must explore other intensive services (i.e. Wrap, FSP, TBS, etc.) to meet the youth's mental health needs, since TFC services are not yet available in Orange County. This process must be clearly documented in a progress note to demonstrate the efforts made to link the youth to appropriate level of care.

For questions, please reach out to your Service Chief or Contract Monitor. If your question is still unresolved, please email the PWB Inbox at: PWBMHReferral@ochca.com.

Did You Know: Documenting Intakes

Did you know you can claim for completing intake paperwork with a member **only if** clinical information is also obtained and documented in that same session? Often times, the various intake documents are able to provide clinical information that can support, determine, or discover a need for specialty mental health services. For example, reviewing the elements of informed consent with the member is not only necessary to begin services but can be a good opportunity to assess the member's willingness for treatment or explore how specialty mental health services could work to address the initial presenting problem.

Tip: Solely doing intake paperwork with no clinical information being obtained is seen as an administrative or clerical task which is not a billable service.

Reminder to Service Chiefs & Supervisors: Please submit monthly program and provider updates / changes for the Provider Directory and send to: BHPPProviderDirectory@ochca.com and BHSIRISLiaisonTeam@ochca.com. Review QRTips in staff meetings and include in your meeting minutes.

Disclaimer: The Quality Management Services (QMS) Quality Assurance (QA) and Quality Improvement (QI) Division develops and distributes the monthly QRTips newsletter to all MHP providers as a tool to assist with various QA/QI regulatory requirements. It is NOT an all-encompassing document. Programs and providers are responsible for ensuring their understanding and adherence with all local, state, and federal regulatory requirements.

REMINDERS, ANNOUNCEMENTS & UPDATES

QUALIFIED PROVIDER SUPERVISION FORM (QPSF) – EFFECTIVE 3/1/25

- Department of Health Care Services (DHCS) has identified more providers who can serve and bill for Medi-Cal covered services. The “Qualified Provider” types include additional qualifications to provide an opportunity for professional growth and to allow for more providers who can serve the SMHS and DMC-ODS population to be hired in the Behavioral Health Plan (BHP). With the additional types of providers, it also requires a supervisor who can provide direct or functional supervision of the services.
- The “Qualified Provider” types must attest that they are under supervision and submit the form to the MCST to track and monitor. The provider’s education and work experiences is what will determine which type of provider the person falls under:
 - ✓ Mental Health Rehabilitation Specialist
 - ✓ Other Qualified Provider II
 - ✓ Other Qualified Provider I
 - ✓ Certified Peer Support Specialist

- If you have questions about determining which provider type best fits your program needs, contact AOA or CYS Support Team via the e-mail below:

AOA – BHPAOASupport@ochca.com

CYS – BHPCYSSupport@ochca.com

- The QPSF and County Memo is available and accessible online at:

MHP: [Behavioral Health Plan and Provider Information | Orange County California - Health Care Agency](#)

DMC-ODS: [DMC-ODS For Providers | Orange County California - Health Care Agency](#)

- Be sure to submit the QPSF form for all your applicable providers to the MCST by **3/31/25**.

- Any status change requires an updated form to be submitted to the MCST (e.g., separation, change in supervisor, etc.).

CREDENTIALING: SUPERVISION REPORTING FORM REQUIRED FOR SUBMISSION

- To prevent any potential deficiency for disallowances or recoupments, the MCST will require the submission of the **Supervision Reporting Form** for the applicable providers to be submitted with the initial credentialing packets, effective **2/1/25**.
- All **new providers** must submit their initial County credentialing packet within 5-10 business days of being hired to the MCST. The newly hired provider must **NOT** deliver any Medi-Cal covered services under their license, waiver, registration and/or certification until they obtain a letter of approval confirming they have been credentialed by the MCST. This means the new hire must **NOT** provide direct treatment or supportive services to a member on their own nor document any services, including non-billable services. The IRIS team will not activate a new provider in the IRIS system without proof of the credentialing approval letter. It is the responsibility of the direct supervisor to review and submit the new hire credentialing packet to the MCST, timely.

OneCare and OneCare Connect are the only private insurances that are identified as "in network" in the BHP.
- In 2024, the legislation allowed LPCCs and LMFTs to bill Medicare directly for mental health diagnosis and treatment services. The MCST will be reaching out to the AOA county providers and Service Chiefs to begin the CalOptima credentialing process for the existing and new LMFT and LPCC providers.

NOW AVAILABLE - RUSSIAN THRESHOLD LANGUAGE

- The DHCS has identified Orange County as meeting the population threshold language for Russian.
- Per DHCS, "Threshold Language" means a language that has been identified as the primary language, as indicated on the MEDS (Medi-Cal Eligibility Data System), of 3,000 members or five percent of the member population, whichever is lower, in an identified geographic area.
- Quality Management Services (QMS) has completed translating all informing materials in Russian and it is now available and accessible online at:

BRAILLE REQUIREMENT

The DHCS has required Orange County to provide member materials in Braille in the 8 threshold languages. The "Grievance & Appeals Poster" and "Grievance Form" are being translated by a vendor through Behavioral Health Training Services (BHTS). QMS is working diligently to have all the member materials to be translated in braille and disseminated to the programs. Stay tuned.

30 DAY RESOLUTION FOR GRIEVANCES

- DHCS is requiring grievances to be resolved within 30 calendar days instead of 90 calendar days to be aligned with the Federal requirements for the Managed Care Plan. This will go into effect **1/1/25**.
- DHCS will be issuing a revised [BHIN 18-010E](#) sometime soon.
- The MCST requires program's assistance to quickly respond to our Investigation Representative when requesting supporting evidence (e.g., chart, lab results, medication listing, etc.) and discussing the case to help conclude the grievance.
